For Director General AFA

Subject to the terms and conditions:

1. A licence for a new processing plant will only be issued to persons, or companies who have a minimum of a 300 say thousand acres or more of pyrethrum flowers or flower production of 3 say three tons production per month.
2. When licensing a new processor due consideration will be taken to ensure that processing over capacity is not created in a given local area or zone. In the case of a private investor, the Directorate shall arbitrate to decide how the growers are distributed between the existing and the new processor before issuing a licence.
3. The Directorate, in consultation with the Cabinet Secretary, may cancel, vary or suspend the licence issued to any person if such person fails to comply with terms and conditions of the licence.
4. The processors shall submit their processing returns to the Directorate on Quarterly basis.
5. A processing licence may be suspended where the licensee, without any good reason acceptable to the Directorate, continues to default in submitting returns.
